Education

University Institute Of Engineering & Technology
CSJM University ,Kanpur
B.Tech in Computer Science & Engineering   July 2020-2024

KENDRIYA VIDYALAYA
Gorakhpur   March 2019

Experience

Software Engineer Intern | LINK   April 2024-Present
React Js, Redux-Toolkit, Redux-Thunk,Tailwind CSS, Typescript
- ○ Spearheaded the development of a responsive UI for the rebranding of the official webpage within an NX monorepo, utilizing React JS, Redux-Toolkit, and Antd.
- ○ Managed extensive API data leveraging Redux Thunk, seamlessly integrating responses across multiple pages using Redux Thunk and Tailwind CSS.
- ○ Facilitated the migration of the codebase from router-dom V5 to V6, ensuring compatibility and optimization.
- ○ Successfully integrated APIs to fetch and display dynamic data from backend servers, enhancing the functionality and user experience of web applications.

Projects

Food Store - Online Food & Juice Ordering Service   Foodjuicestore

HTML, CSS, JavaScript, ReactJs, Context, Redux, Appwrite,MaterialUI
- ○ Implemented an online food and juice ordering service with a focus on efficient data filtering, cart management. Authentication using Appwrite Api.
- ○ Developed a robust filtering system allowing users to easily browse and find their desired food or juice items based on specific requirements.

Chat App - Real-time Messaging Application   Chatapp

HTML, CSS, JavaScript, ReactJs, Appwrite, Netlify
- ○ Developed a real-time messaging application supporting group chats for multiple users.
- ○ Implemented secure user session management using Appwrite real-time database.
- ○ Designed an improved UI that displays message properties and timestamps for a user-friendly experience and ensured secure user authentication for creating sessions.

Certifications & Achievements

Problem Solving : Solved 500+ Data Structures and Algorithms (DSA) problems on different platforms LeetCode, CodeChef, Codeforces and HackerRank.
Certification : Completed certification **Web Bootcamp**, **ReactJs** from Udemy.

Technical Skills

C/C++(Intermediate), Python(Basics), Html, CSS, Javascript, Typescript, ReactJs, React-Hooks, React-Router, Redux/Redux-Toolkit/Thunk, MaterialUI, TailwindCSS, Git & Gitlab, Typescript, Api, nodejs, Algorithm
